ANOTHER ASTONISHING CURE! Wistar's Bolsom of Wild Cherry, ALWAYS TRIUMPHANT! CURE FOLLOWS CURE!!

Mr. J. W. WHITMORE: Dear Sir :- As you are the regular authorized agent in Dayton, for the sale of "Da. Wistan's Balsam or Willo Chunny," I take this method of making a statement of facts to you (which I hope may be sublished to the world) in reference to an almost minaculous cune,

rought in my case by means of the above invaluants Balaam.

Language falls to describe the salutary effects it produced, and the great benefit I derived from its use. The citizens of Dayton and vicinity, well recollect that on the 8th

The cutzens of Dayton and vicinity, well recollect that on the 8th of August last, I received serious injury from the explosion of a cannon. A portion of its contents entered my right side and breast; and in all probability, some fragments or splinters of the ramrod passed through the "plura," and pierced the Lungs.

After the lapse of about six weeks, I was attacked with a distressing cough and violent pain in my right side. Some ten days after this, when in a puracyon of Coughing, suddenly an ulcer broke, and a large quantity of very offensive matter, mixed with blood, was discharged; most of which found passage through the opening of the wound. From this opening there frequently passed a quantity of air, supposed to issue from the lungs. During all this time my sufferings were almost intolerable.

did all in their power for my recovery. But with all their skill, they could not reach the seat of distress, after the Lungs had become affected. I was visited during this time by at least the Lange had become affected.

It was visited during this time by at least the the by visitians.

It was now reduced to a certainty, that offenmation of the lange was rapidly taking place; and that this would terminate my life in a very short time, was in the highest degree probable.

At this critical stage, a messenger was despatched to Cincinnati, and a celebrated Physician of that place was consulted. When he was made acquainted with my situation, he remarked that nothing could be done by medical aid, if the constitution likely was not sufficient to throw off the disease.

cical to throw off the disease.

My friends now despaired of my recovery, and I had no earthly ground of hope to survive many days. Fortunately at this juncture I saw one of Dr. Wistan's Panerhars, entitled "Family Medical Guide," or "Treatise on Consumption of the Lungz." As I had often heard of dying men "catching at straws," I felt like doing so myself. By the consent of my physicians, I sent to you for a bottle of the medicine described, viz: "Wistan's Balsam or Willo Cherar," which relieved me almost immediately. After I had used some five or six bottles, I so far recovered as to be up and about. My cough ceased, and my lungs were restored to a healthy state—all from the healing and balmy influence, and ponceful medicinal curbus of Wistan's Balsam.

Were it not for the external injury I received in the shoulder and arm by the explosion, I feel confident that I might have been working at my trade (which is blacksmithing,) but this has prevented.

By exposure, I have since taken several severe colds; and my only remedy has been "time Balsam." And I now most cordinally recommend the genuine Wistan's Balsam to all who are afflicted with Colds, Coughs, or Lung Complaints. I consider it an invaluable medicine—a real blessing to the world. Any person desiring further information cient to throw off the disease.
